## Lending Library Sets

We're sensitive to how tight your budget is, which is why we started the Lending Library. For six weeks, your students can enjoy the fun of learning **STEM** and **21st Century skills** with **Rubik's Touch Cubes**. Qualified organizations within the USA only may borrow Sets with 12, 24, or 36 Rubik's Touch Cubes at **no cost** with the special code above.

### Benefits:

- Hands-on resource to teach STEM, Geometry, Algebra, and General Math concepts.
- Helps students visualize many geometric and algebraic math concepts.
- Enables students to develop a more positive attitude about Math.
- Builds confidence and fosters growth mindset.
- Supports STEM content and teaching using an authentic learning experience.
- Program meets the requirements for many State and Federal funding sources.
- Promotes 21st Century Skills such as problem solving, critical thinking, perseverance and logical thinking.
- Developed by educators and classroom tested.
