**Monday, April 13**

Multiplication on the Abacus with John Rose, TSBVI, Short-Term Programs
- **Goal:** This lesson will review abacus basic concepts in the context of multiplication and will address multiplication with one- and two-digit multipliers.
- Elementary, typically grades 4-5, but open to younger and older students, families, and teachers
- **Prerequisite Knowledge:** Abacus Basic Concepts; Abacus Addition; Counting Method helps but not required; Multiplication facts helps but not required
- **Materials needed:** Cranmer abacus (a virtual abacus may be fine for teachers and for students if it is accessible)

**Tuesday, April 14**

Staying Home: Processing Our Feelings During Uncertain Times with Kate Katulak, Perkins
- **Goal:** This is the third of four lessons in a unit on Staying Home. The goal of the unit is to help students and families thrive in their home environments during this time of uncertainty.
- Academic or functional academic students from elementary through high school
- **Materials Needed:** Students may consider bringing something with which to take notes (not required).

**Wednesday, April 15**

Marvin's Market Adventure and A visit to see Barbara Baker the lovely cake maker (Chapter 5) and a visit to Grandma’s Special Birthday Picnic (Chapter 6) with Gwyn McCormack, Positive Eye
- **Goal:** To participate in a fun meaningful literacy experience and enjoy creating some of the story items.
- For pre-school - 2nd grade or students with mild to moderate additional disabilities
- **Materials:** Chapter 5: Bring a wooden spoon and a bowl, or a cut-out shape of a gingerbread man; Chapter 6: Bring your singing voice to sing Happy Birthday!

**Thursday, April 16**

Tips for Staying Busy and 5 Fun Things to Do at Home with No or Limited Vision with Kate Katulak
- **Goal:** This is the fourth of four lessons in a unit on Staying Home. The goal of the unit is to help students and families thrive in their home environments during this time of uncertainty.
- Academic or functional academic students from elementary through high school
- **Materials Needed:** Students may consider bringing something with which to take notes (not required).

**Friday, April 17**

Wacky Web Tales: An Introduction to JAWS and Fun with Parts of Speech with Nina Wibbenmeyer, TSBVI, Short-Term Programs
- **Goal:** Introduce JAWS screenreader and practice listening skills
- Upper Elementary through High School; academic or functional academic students
- **Prerequisite Knowledge:** Have a basic understanding of parts of speech.
- **Materials Needed:** None, but students are welcome to follow along on their laptops if they have JAWS installed.
- **Wacky Web Tales:** [http://eduplace.com/tales/](http://eduplace.com/tales/)

**Learn more:** [https://www.pathstoliteracy.org/resources/virtual-learning-academy](https://www.pathstoliteracy.org/resources/virtual-learning-academy)

Sessions will be recorded and **AVAILABLE ONLINE** within 24-48 hours.
