

## **Two Robots (Part 4)**

Show him with your hand.

OK. So its hands are down here.

OK. Wait until [? Cole ?] gets down too. You got to give [? Cole ?] time to move, OK?

OK. And then, there is a circle right here. Remember? Right?

Mhm.

Circle right here. Then, there is also a circle down here, another one.

Yeah.

And then, there's a circle right here.

So there's going to be a lot of circles on him, right?

And then, a circle cut right here. A circle cut right here.

[INTERPOSING VOICES]

--got a circle--

[INTERPOSING VOICES]

Good. Ask him what the circles are for.

And the circles are right--

Will you ask him for me?

--here. And then, another circle right here.

Why is there so much-- oh, for his body to go through.

No. The circles in the middle and then all those circles on the sides are for his hands to reach up and grab stuff from his shelves.

Where does his hands come from?

Basically, from the sides, from right here. They start from his body--

OK, so this is where the--

--and then, go, joop!

So they can go right up through the holes, right? And so, then, he could grab something on top?  
Because he came right through a hole. So we're imagining that there's holes here--

Yes.

--right? OK. So
