

Now Available on Paths to Literacy!!!

A new book to support teachers and paraprofessionals in preparing instructional materials in Nemeth Code within UEB Contexts and supporting students in math learning!

*Learning and Teaching the Nemeth Code within  
UEB Contexts: A Step-by-Step Guide*

Tina S. Herzberg, Ph.D., Susan A. Osterhaus, M.Ed., Sara Larkin, M.A.,  
and L. Penny Rosenblum, Ph.D.

The book is available for FREE in both print and braille. It is systematic, moving from PK-1st grade through Algebra and Geometry. Each of the chapters contains:

- Introduction to new Nemeth symbols
- Practice activities
- Teaching tips
- Chapter Summary
