Place Value

1. Forty-eight with a bar under the eight is written 48
:\%:\%:\%:
2. Three hundred seventy-five with a bar under the three is written
375
:: :\%: : : : :
3. Five hundred sixteen with a bar under the 51 is written
516
46\%:\%:
4. Forty-two point three nine seven with a bar under the 9 is written 42.397

Repeating Decimals
5. One-third equals zero point three repeating is written
$\frac{1}{3}=0 . \overline{3}$

6. One-sixth equals point one six with the 6 repeating is written

$$
\begin{aligned}
& \frac{1}{6}=.1 \overline{6} \\
& :: \%:: ~: ~: ~: ~: ~: ~: ~
\end{aligned}
$$

7. Zero point two five seven with the 257 repeating is written
$0 . \overline{257}$
:\%:\%:\%:\%:\%:\%
Geometry
8. Segment $A B$ is written
$\overline{A B}$
4.: : : : : : :
9. Segment VW is perpendicular to segment WX is written
$\overline{V W} \perp \overline{W X}$

10. Segment CD is parallel to segment EF is written
$\overline{C D} \| \overline{E F}$

11. Segment MN is congruent to segment OP is written

$$
\overline{M N} \cong \overline{O P}
$$

## Mean

12. x bar, used to represent the mean, is written $x$
